Task Order No. 02(100,677)65-R

Reference: a) ltr 1 October 1965 - Price Analysis Summary No. 915031-B
ltr 14 October 1965 - "Limitation of Cost"

Gentlemen:

is pleased to confirm the agreement reached as a result of negotiations held at your office on 27 October 1965.

The revised cost estimates reflecting negotiated changes to subject contract Task Order of reference a) above are as follows:

- Item IV Flat Face Kine Tube
- " V Counter Balance Transport
- " VI Console Repackaging

STA

The Price Analysis Summary was quoted prior to negotiations on a Cost Plus Award Fee basis as follows:

- Item IV Flat Face Kine Tube
- " V Counter Balance Transport
- " VI Console Repackaging

STA

In consideration thereto, it is agreed that the Award Fee Basis to be made upon delivery and acceptance of Prototypes I and II of the Modulated Light Film Viewers will depend principally on technical evaluation of the objectives obtained rather than changed costs to attain the objectives.

As a result of incorporating the efforts for Items IV, V and VI, there will be an impact on the Delivery Schedule of five (5) weeks requiring new delivery dates for Prototype I of 17 December 1965 and Prototype II of 14 January 1966.

As we indicated in reference b), funds will be required by 12 November 1965, therefore, it is requested that a supplemental agreement to the existing Task Order be issued prior to that date to incorporate the negotiated changes and resulting costs indicated above.

In accordance with the discussion, kindly indicate acknowledgment of our agreement by signing the attached letter copy where indicated and return to the undersigned.

We thank you for your consideration in this matter.

Very truly yours,
